Proposal for Technical Presentation

From: KeshavSoft
To: The Principal
Ramachandra College, Eluru

Subject: Request for Technical Presentation on "How to Create a Full-Fledged Web Application that Can Handle CRUD Operations for a Given Table in Less Than 5 Minutes"

Dear Sir/Madam,

KeshavSoft is pleased to present this proposal to conduct a technical presentation at your esteemed institution, Ramachandra College, Eluru. The proposed session will focus on the topic **"How to Create a Full-Fledged Web Application that Can Handle CRUD Operations for a Given Table in Less Than 5 Minutes."** This presentation is designed to provide engineering students with a practical understanding of rapid application development, automation, and modern web technologies that are widely adopted in the software industry.

Objectives of the Session:

• To demonstrate the process of building a complete web application capable of Create, Read, Update, and Delete (CRUD) operations in record time.
• To introduce students to modern frameworks, low-code concepts, and tools used for rapid web development.
• To inspire innovation and efficiency in software engineering practices among students.

Benefits to Students and the Institution:

• Students will gain exposure to real-world application development practices.
• Encourages hands-on learning and faster software prototyping skills.
• Enhances the college's reputation for promoting modern and practical technical education.

About KeshavSoft:

KeshavSoft is a software solutions provider specializing in web, desktop, and mobile application development. Our team focuses on building intelligent, scalable systems and empowering students and developers with practical, industry-relevant skills through interactive sessions and workshops.

Proposed Requirements:

• A seminar hall or lab with projector and audio facilities.
• Internet connectivity (if available).
• Availability of a faculty coordinator for organizing the session.

We look forward to your kind consideration and the opportunity to interact with your students. Kindly let us know a convenient date and time for conducting this session at your premises.

Sincerely,

For KeshavSoft
